LIFESAVING
A HABIT

Resolve to save a life this year! The Red Cross will be holding a blood drive that is open to the public. Blood supplies are low this time of year, so this is a critical time to donate, even if you've never donated or it's been a long time, and that includes teens 16 and up. You can save up to 3 lives just by donating blood, so please consider donating. Bring a friend to double the impact of your donation.

Visit redcrossblood.org to learn more about giving blood and to register for an appointment.
